

GO Real-Time XL Tracker

Temperature, location and security

Global Visibility and Protection for Extended Shipments

Extended battery life provides full coverage for your products on the road, in the port and out on the water. When your ship leaves port, the GO Real-Time XL keeps track of the temperature. Every time the ship nears port, the unit automatically connects and uploads data before the ship reaches the docks. Rest assured that visibility to temperature and location data will be available despite the ongoing transition in the cellular technology industry.

The GO Real-Time XL Tracker senses light when doors are opened and alerts you when your products are at risk on the road.

Oversight Dashboard & Mobile App

Comprehensive and automated reporting is provided through the Oversight Dashboard and the Oversight Mobile app. Data is encrypted, providing security as it moves to the cloud. Information is at your fingertips while you are on the go with Oversight Mobile. Check status and create shipments direct from a phone or tablet. View current maps, graphs, and charts of key shipments including temperature, security, and location details. Shipment summary reports include additional details such as device serial number, trip name and duration, mean kinetic temperature, and time above or below range. The Oversight Mobile app is available in English, Chinese, Spanish, Italian, German, Portuguese, Turkish and French.

An easy-to-use system to monitor your loads

Extended battery life to cover international shipments

Protect your product in-transit

Global visibility with email/text alerts

Access to temperature reports before final delivery

Recycle with GO GreenSense™

Technical Specifications

Backup Memory:	Up to 30 days of continuous 60-minute temperature measurements when outside cellular range
Battery Life:	Up to 60 days +/- 3 days of operation based on 60 minute reporting interval and temperature conditions
Cellular:	850/900/1800/1900 MHz Quadband GSM/GPRS
Certifications:	FCC, IC, PTCRB, CE, Anatel
Humidity:	-70% RH to 90% RH operation, 10% RH to 95% RH storage
Recycling Options:	GO GreenSense™ Program
Temperature Range:	-4° F to 158° F (-20° C to 70° C) operating environment -49° F to +185° F (-45° C to +85° C) storage
Size:	3.07 in x 2.05 in x 1.38 in (78 mm x 52 mm x 35 mm)
Weight:	0.30 lbs (136 g)
Oversight Dashboard:	Emerson.com/Oversight
